MS Online is an initiative by Dr. Manoj Singh along with the team of dedicated educationists and industry experts marked by an extremely professional environment with globally acknowledged curriculum, inspiring trainers and mentors and research embedded pedagogies which zeroes in on transforming the learning pattern making it student centric.

It offers technology enhanced learning platforms to impart student centric education with collaborative and investigative learning that goes beyond the classroom, improving life skills and making them strongly grounded and future ready

Technology Enhanced Learning TEL@MSONLINE

TEL@MSONLINE helps students learn in a remote learning environment with higher degree of productivity, engagement, and motivation.

WHAT WE DO?

We are here because we love to see our students succeed and lead the future.

LEARNING MODELS @ MS ONLINE

Inclusive education through access, equity and equality.

**ONLINE
LEARNING**

**ACCESS TO
STORED
MATERIAL**

**REALTIME
VIRTUAL
TRAINING**

**BLENDED
LEARNING**

**CLASSROOM
TRAINING**

**ONLINE TEST &
ASSIGNMENT**

COURSES

We prepare the students for the programs and qualifications offered by different boards including:

- ✓ Cambridge Assessment International Examinations (CAIE),
- ✓ International Baccalaureate (IB)
- ✓ CBSE
- ✓ ICSE
- ✓ State Boards

You can choose between the virtual model and the blended model of delivery and learning.

Virtual classes (MS ONLINE) are completely remote and can be accessed from anywhere in the world.

Blended classes (MS ACADEMY) are physical classes delivered in a classroom environment.

VIRTUAL

MS ONLINE

MS Online is your virtual school that allows access to customized and personalized learning with experts from around the world.

Have access to live training in a remote learning environment.

BLENDED

MS ACADEMY

MS Academy offers blended learning in a classroom environment aided with online learning in the form of assessments and practice sessions.

Have an experience of everyday schooling.
